

The Artists Council, now in its third year as an independent organization recognized by the IRS as a 501(c)(3) tax-exempt non-profit, promotes the art and artists of the Coachella Valley and beyond through our mission: *Elevating artists through exhibitions, professional development, and community engagement*. We do this by offering a robust program of exhibitions, art and business-of-art classes, workshops, lectures, critiques, salons, book clubs, and social gatherings. With the support of our members and the community, we can reach our goal to create the most important arts organization in the Coachella Valley.
